Development Initiatives (SUFDI)
An Educational Foundation, New
Delhi

&

TEACHER EDUCATORS_SS
(International Online Community
of Teacher Educators at Facebook
& YouTube)

Background of the Webinar

The whole world is currently facing a new historical challenge. The Covid-19 epidemic has posed a number of challenges before the humans in terms of social, cultural, economic, political, philosophical, psychological fields, whose solution is to be found by global human society. The education systems of the world have also been affected by these challenges. India's education has also been highly affected by this. Schools, colleges, universities and other educational institutions all over India have deviated from their established education process and have turned to online mode of teaching-learning. Online learning activity is not new in India; it is being used by educational institutions for some years. Today, due to excessive force on it, many other challenges of online learning are knocking. Systems of Indian society such as urban-rural, plain-mountain, economic disparity, caste, religion, sect, cultural diversity, etc. have given rise to more challenges. Many obstacles are still faced in making online learning easily accessible to all and student-centered. Surely the challenge is new but it is a well known truth in human history that when new situations and challenges have arisen in front of it, humans have found a suitable solution. In the historical sequence of solutions to solve the problems, India has been the brightest side in the global perspective. Today India is ready to get the most suitable solution to the new educational challenges again. The present webinar is a proactive step in this direction. This is a joint effort to make the international approach a part of discussion and deliberation along with the Indian approach to meet the challenges of online education and come out with some key ideas for new education policy. During the dialogue it is extremely important to keep in mind the three important components of the teaching process - the student, the teacher and the curriculum.

About Institution/s

The Saurashtra University was created on a rigorous demand, for a separate university out of Gujarat University (Ahmedabad), from the eminent educationists and freedom fighters of the Saurashtra region. The Department of Education of Saurashtra University was established in 1978 and offers M.Ed. (Full Time-two years program through four semesters), M.Phil. (Full Time) and a Ph.D. program. The Department has the distinction of being a resourceful Teacher Education center due to the pedagogical contribution in the field of education in the field of educational research through the diligent preparation of all the abstracts of the dissertations /thesis of 676 researches carried out in the Department since its Inception. The Department has gained wide recognition for various Models of teaching, Modules for education related activities/programs, tests, SLM, CAI and CAL, etc. It is the only department in Gujarat to introduce two innovative papers: Psychology of instruction and information Technology in its M.Ed. syllabus. It has established itself as a reliable agency in conducting competitive and entrance examinations for various institutions like the Staff Selection Commission, NIBM, IRMA, IGNOU, UGC, GSLET and Saurashtra University, etc.

Ambah Post Graduate College, was established in 1959 AD as the First Academic Institution of Higher Learning in the town. It was given the autonomous status in 1989 by the University Grants Commission and is approved by the State Government and the Jiwaji University, Gwalior in recognition of its performance and its potential. The College known for its excellence in academics and discipline is one of the well-recognized institutions of Madhya Pradesh. Since its establishment, this Institution of higher learning has played a significant role in providing the academic output in this academically backward town. The Institution enjoys a good reputation amongst the well-

Shanti Upendra Foundation for Development Initiatives (SUFDI) is a General Charitable Trust.

The major objective of SUFDI is to reach education to all, training, research and advancement of knowledge amongst the public in general. SUFDI will also work to establish, maintain and run studentships, scholarships, organize memorial lectures and render other kind of aid to students/scholars including organization of coaching classes, supply of books, stipends, medals and other incentives to study, without any distinction as to caste, colour, race, creed or sex. To grant support to deserving students/scholars for attending conferences in India or abroad and also fund foreign nationals to attend conference, conducting research or other activities in the area of education, training or research in India. (www.sufdi.com)

TEACHER EDUCATORS_SS is a Facebook group at facebook.com having 61000+ members across the Globe. This group for students, teachers & teacher educators was created on 11th June, 2011 by Dr. Somu Singh from Faculty of Education, BHU. The group has representation of stakeholders of Teacher Education Institutes from 28 states and 8 UTs of our country and 100+ countries. Now, Online live lecture Series under Bharat Padhe online campaign (MHRD,GOI) is being organized to complete course and syllabus of students of teacher education programs and to develop Indian life vision among them on its online interface w.e.f. 26.04.2020. Total 88 lectures have been delivered successfully at this platform till date (5.7.2020). Other academic support is also being provided in the form of Open educational resources (OERs) on its official you tube channel (**TEACHER EDUCATORS_SS**)
